Everything described in this package is included within the total price of the package as described. Breakfast, lunch and dinner, with every meal there are no limits whatsoever when it comes to food and drinks. In addition, both lunch and dinner are warm and very comprehensive meals. Also accommodation is provided, night before the start of the tour and the night after the last day of the tour. From experience we know this is the most practical and comfortable way. Only the drinks at night time are not provided, apart from that we included everything so you will have the opportunity to fully enjoy the nature, culture, the unique Georgian hospitality and the amazing cuisine and the drinks to go along with that.

On the road we will visit a lot of sights; century old churches and other buildings but also the most amazing viewing points where you will be in awe of its beauty. There are basically a lot to mention that is why you will not find all of them back in the day-to-day plan you will find below. Nevertheless, visiting these sights is a must to seep in the unique culture of the country. Arrival day: First of all we will personally pick you up from the airport and bring you to the accommodation in Tbilisi. Depending on the time of day there is the possibility to get a tour through the city. In the evening we enjoy our first of many traditional Georgian dishes.

Day 1: We discover Tbilisi. Where ancient and modern times meet and blend in a beautiful way. The apparent history of the city and all the ways in which a new generation is trying to break away from some parts of that history.

Day 2: We head west-wards to the footsteps of the mighty Caucasus mountain range. Bakuriani is the first place we get ready for the snow. You will notice that this is nothing like the crowded Alp slopes. Empty tracks and always a lift ready to take you to the top of the mountain, the relaxed vibe is clear and addictive.

Day 3: We spent another day in Bakuriani. Enjoy the fresh mountain air and all the Georgian delights that go along with winter sports in the Caucasus. After the day of skiing we take our

Soviet rides back to the high Caucasus Mountains. We pass Tbilisi, where we will feast and spent the night.

Day 4: We ride on to the high mountains of Georgia. We end up in Gudauri, situated in a region where there are peaks as high as 5000M, this makes it officially the highest mountainous area in Europe. What's good for us is that the place is usually loaded with fresh powder snow.

Day 5 - Day 7: Gudauri skiing it is again. Of course the day is filled with great food, nice drinks and great parties in the night as well. As unknown Georgia is by many winter sports fanatics in Europe the more thrilled you will be by its amazing slopes, with all the room to maneuver you need, the most amazing views and the unique atmosphere at night.

Day 7: After the lifts shut down we ride back to Tbilisi. We will enjoy a true Tbilisi delight: Abano. These are century old steam baths which are heated by the hot spring surrounding Tbilisi (tbili literally means 'warm'). This is the most relaxing way to end an amazing week of road tripping and winter sports.

Day 8: We take on Tbilisi. We visit its highlights but also those places more unknown but definitely not less interesting. We discover the small streets of the old town with all the courtyards, balconies and other characteristics that make this city the unique place it is.
