Go off the beaten track and discover the hidden Soviet treasures of Tbilisi. Soviet architecture is as unique as it can be peculiar and surreal. In order to totally dig into this Soviet structures and landscapes we solely use Soviet vehicles during our tours. We have Lada's, Volga's as well as Soviet era motorcycles; Dnepr's & Ural's. In our cars we take three people maximum, on the motorcycles there is room for one passenger. For groups a combination between the vehicles (cars and motorcycles) is definitely recommended, Soviet pride roaming the roads in all its forms.

All tours include; lunch, drinks for on the road and a guide/translator for every vehicle. In addition, museum tickets for the Soviet Automobile Museum on the "Grand Soviet Tour" and for the Stalin Museum on the "Checkin' in on Joseph tour

Special offer until April, combine the **three tours** listed below (leaving from Tbilisi each day) for the total price of **€ 240 by car** per person and **€ 510 by motorcycle** per person.

Soviet Steel

After Rustavi celebrated the production of its first industrial Soviet steel from the Georgian Soviet Socialist Republic, a remarkable heritage of USSR steel-making has remained ever since. Surreal, almost post-apocalyptic, power fields and steel plants have been largely untouched since most parts of its production has closed down.

Prices: Car: € 80/person per day – Motorcycle: € 160/person per day
